

## Email List Protocol & MeetUp

### Group Email List

The current members' email list address is: **allmembers@nwabc.net**

This email list is for the exclusive use of NWABC members. Its purpose is to share NWABC-related information including weekly meeting notices and special events. Email is an effective communication tool, when used courteously. When a reply is requested from another member, please do so within 24 hours.

NWABC members may use this list to send messages to the group of a general business nature or to make announcements about special meetings, pertinent networking events, news about a member (e.g. death in the family), requests for referrals, important news, and other business-related information.

This is not the place for messages regarding politics, religion or sex. It is also inappropriate to send poems, jokes, most inspirational messages, or forwarded chain-mail. Overly-frequent or repetitive messages are discouraged.

Please use this list sparingly. Be considerate of others when you send email messages to our group address.

Your help and cooperation will be appreciated by all.

### Northwest Austin Business Connections MeetUp Group

We have established a MeetUp group online. If you have not already connected with us through the meetup group, please do so at:

**<http://www.meetup.com/northwest-austin-business-connections>**

Here you can connect with our extended membership. On the MeetUp site you can comment on meetings and/or speakers, and RSVP to meeting notices. RSVP on MeetUp for our weekly meetings and you can put a second business card in the drawing that week.

To generate some business, offer a 'Perk' to other members on the MeetUp site, or take advantage of another member's perk, or one of the sponsorship offers available. Expand your reach!
